*Save us, star of the sea and Queen of Heaven!  
Who whilst pure didst bear God  
Save us, star of the sea  
And art signalled in the burning bush  
Not knowing man as a consort*

2) O virgo specialis  
Sis nobis salutaris  
Imperatrix celorum

*O Virgin most special  
Be thou our salvation  
O ruler of heaven*

3) Tu mater expers paris  
Manna celeste paris  
Et panem angelorum

*Thou mother lacking an equal  
Didst bear the manna of heaven  
And the bread of angels*

4) O parens expers maris  
Partu non violaris  
Paris sanctum sanctorum

*O parent lacking a male  
And not defiled by the birth  
Thou didst bear the Holy of Holies*

5) Celeste manna paris  
Lux cecis dux ignaris  
Solamen angelorum

*Thou didst bear the manna of heaven  
O light to the blind, leader to the ignorant  
Solace of the angels*

This song sounds good with drones on C and G, and with drums and tambourines.  
You can add recorder breaks at the beginning and in the middle.
